## Kemet Hot Mounting Press

Width: 320mm  
Depth: 565mm  
Height: 530mm  
Weight: 64 Kg

The Kemet Hot Mounting Press is an automatic cycle mounting press, built on pneumatic technology. It features a screen that allows users to adjust and save all mounting parameters such as:-

- Heating Temperature
- Heating Time
- Cooling Time
- Pressure
- Mould Diameter
- Resin Quality
- Material to be Mounted

The Kemet Hot Mounting Press is equipped with a sensor for detecting whether or not the mould is closed, and an exclusive locking system that ensures absolute safety and wear-free use. No screws or fasteners are required. Changing the mould is simple and quick. The height of the machine allows two mounting operations to be performed at the same time, using the intermediary piston.

### Specifications

- Mounting Press: Ø25.4, 30, 31.7, 38.1, 40 or 50mm moulds
- Automatic cycle
- Water cooling system
- Temperature adjustable between 80 to 200°C
- 18 pre-set processes; 50 process memory
- Easily interchangeable moulds
- Able to stop piston at required height
- Power: 750 watts. Power supply: 230 volts, single phase, 50 Hz
